Video DVDs

Session Video DVD: The Session Video completes the picture of the Audio, bringing the Notebook and the Audio into one format. The Session Video is divided into chapters that correspond to the page number of the Notebook so you can easily skip to the area you want to know more about.

Live Coaching Video DVD: The Live Coaching Video captures Tom in action in front of a live audience. Watch as Tom takes questions from the audience and further explains key tax concepts from the session.

Tax Strategy Toolkit CD

The Tax Strategy Toolkit CD contains tools to help you implement the concepts presented in the session into your tax strategy. The Toolkit includes Tom's tricks, tips and other secrets, Tom's e-coaching, the Workbook and Notebook in both PDF and Microsoft Word formats and much more! Together, these tools highlight the most important concepts and proven short-cuts to help you reduce your taxes.

Notebook

The Notebook provides a detailed outline of the session and a place for you to take notes specific to your tax strategy. The Notebook page number corresponds to the track / chapter number of the CD / DVD so you can study those areas most important to your tax strategy.

Workbook

The Workbook brings together your review of the materials and the creation of your tax strategy. The Workbook guides you through the specific steps to apply the concepts in the session to create your tax strategy and achieve your tax goals!
